## DISCUSS HEALTH AND SANITATION

### Interesting Teachers' Meeting Yesterday.

Able Address by Dr. W. S. Rankin, of State Board of Health—The Dangers of Disease Germs Explained and Necessity of Thoroughly Informing the Children Along the Line of Sanitation Brought Out—Resolutions Adopted.

One of the most interesting sessions in the history of the Guilford County Teachers' Association was held in the court house yesterday. The subject of sanitation and health was discussed by the teachers, doctors and committeemen. The court room was well filled and everybody seemed to take a lively interest in the proceedings.

The following officers were elected by Association for the ensuing year: President, E. J. Coltrane, Jamestown High School; vice president, Miss Bessie Howard, Pomona School; secretary, Miss Ada Michael, Pleasant Garden High School. The committee to report on the work for the next meeting of the association, which will be held the second Saturday in January, selected McMurray's "How to Study and Teaching How to Study" for study and discussion, and requested Mr. Foust to get a speaker to address them at that time.

After the business session the topic for the day was taken up the first talk being by Prof. T. R. Foust, who, in addressing the association, said: "We should get full of a subject if we expect to help some one else. It is the overflow that helps others, and, therefore, we should get such a knowledge of this subject of sanitation and health that we can reach the communities in which we are working, and bring them to a realization of the importance of better sanitation." A number of questions based on Ritchie's "Primer of Sanitation" were read and answers called for, bringing out a discussion on the principal parts of the book. Dr. W. S. Rankin, secretary of the State Board of Health, was then introduced, and his talk was strong, forcible and to the point. Below are a few extracts from his address:

"I want to say before taking up the subject of the problem of public health and the part that I think you all should play in it, that it is a most encouraging sight to me, a man interested in the public health of the State, and particularly in bringing this to the attention of the public, to see the head of your department of education in your county in consultation with his teachers, the people who are to manufacture thought and ideals, to supplement the part that the medical profession has played in taking up these facts and bringing them to the people. You are to play the major part the next few years in this problem."

"You can't get farther than the man you are following, and the man that talks about the things that were good enough for his father were good enough for us is not the man that assists in the progress of the world. In the study of medicine, people had to break away from old superstitions and study the human frame, and disease. This was as true in the medical world as Martin Luther found it to be in the spiritual world."

The doctor told of how germs were found and experimented with, of the numbers of years that it had taken to develop a practical knowledge of these germs and the effect they have on the human body. He said, "Typhoid fever bears the same relation to a community that an abcess bears to the body. It may be spread by people not knowing that flies carry it, as well as by getting into the drinking water." He showed conclusively how the flies during the Spanish-American war killed more American soldiers than the Spanish bullets; how malaria, by means of mosquitoes, not only weaken but kills thousands of people every year, but that people are being enlightened on these diseases, and the death rate by this means is being decreased each year; that about 8 per cent of the summer complaint of children is preventable; how Rochester and Chicago had reduced the death rate of children 60 per cent by having nurses go among the mothers and tell them how to feed and care for them.

Dr. Rankin told the teachers how fleas, by biting a Chinaman in San Francisco who had come there with plague, had infected nearly all the rats in the town.

and the fleas and other germs had scattered the disease all over the city, and the officers being slow to believe that the disease was really there, had allowed it to get such a foothold that it took an enormous amount of money to stamp it out; and how a rat might be carried from a place like that to any other city, and thus spread it to many other cities; that a person might think that a disease like that in some other town would not affect them, but that in this manner it could be brought to Greensboro.

"Tuberculosis," he said, "is the greatest disease problem that the world has had to contend with, but it will not be here in one hundred years. Tuberculosis kills every year in the United States 150,000 people, one out of every three between fifteen and forty years of age, the most valuable period of life. Massachusetts has reduced her death rate from tuberculosis in the last fifty years 63 per cent, and other places are doing the same. If tuberculosis continues to decrease in Germany there will be none in that country in 30 years.

"In thirty years we have reduced the death rate from typhoid fever in this country over half, but the death rate from this disease in North Carolina is 46 for every one hundred thousand. We are thirty years behind the procession. Isn't it time we were waking up. Two or three weeks ago a woman wrote me to know if there was any place in North Carolina to go to be treated for consumption, she had to make her living, and didn't have money enough to be treated. I wrote her that there was no such place in North Carolina, and they don't think they can afford to save your life.

"You can help by agitating this question of public health, by talking it, and putting it in the paper, and people will get interested, and educated. Teach the children how they can avoid malaria and typhoid, and to have their eyes and ears examined. Do this for God's sake, and for the sake of somebody that is going to die if you don't do it. The greatest obligation that rests upon you people is to teach the first law of natural health, self preservation."

Short talks were made by several members of the Medical Society and the teachers were assured of the hearty co-operation of the physicians in every possible way. The fact was emphasized that the physicians could do but little in bringing the people to realize the need of more sanitary conditions in the country except through the process of education. A number of the school committee men made short talks, promising their hearty support.

Before adjournment Prof. Foust presented to each teacher a map of the State. These will be of great service to the teachers in their work.

The following resolution was unanimously adopted by the teachers:

"Resolved by the teachers of the public schools of Guilford county, in meeting assembled, that it is the sense of this body that the State's provisions for its public health are altogether inadequate, and that our representatives in the next Legislature, and the senator from Guilford county are hereby earnestly requested to use their influence in the next General Assembly to make suitable provisions for the public health of the State, and, if necessary, special provision for the improvement and preservation of the health of the people of Guilford county."

Mr. F. H. Nicholson, president of the Guilford Poultry Association, announced to the teachers that the association would give free tickets to the children in the schools who desire to visit the Poultry Show in December. The teacher should write to him, stating the number of tickets they can use, and they will be sent to the teacher to be counter-signed. Thursday, Dec. 13, has been designated by the association as "School Day" and all school children will be admitted free on presentation of a special ticket signed by the president teacher.

## LIFE OF JANE AUSTIN STUDIED

By Literature Department of Woman's Club

Large Attendance At Meeting of Department Yesterday and Interesting Talks Made—Civic Department of Club Agitating Early Christmas Shopping At Present—Wants the Town Clock Illuminated.

Members of the Literature Department of the Greensboro Woman's Club were gratified at the unusually full attendance at the meeting yesterday afternoon, indicating a growing interest in the work of this department—decidedly one of the most attractive and important in the club. The author studied was Jane Austen, and the program consisted of a comprehensive review of her life, with readings from her best known and most popular works. A very interesting paper was read by Mrs. S. W. Tucker, followed by selections from her most generally read book, *Pride and Prejudice*, by Miss Hilda Hill.

In addition to these distinctly literary features, a highly entertaining and instructive talk was given by Miss Mary Petty, who, in her characteristic and original way, recounted some of her experiences while abroad, particularly of the way in which she got into the House of Parliament, while that dignified and august body was in session—a very unusual thing for any woman outside of the charmed circle—and regarded by the average Londoner as afeat possible to none but an American.

Mrs. Tenny, chairman of the department, is pleased always to have members of other departments present at these meetings, and by this liberal and gracious policy of getting in touch with a number of interested "lookers on," who, it is hoped, will shortly conclude to become active workers.

Civic Notes.

The civic department of the Greensboro Woman's Club will wage a vigorous campaign from now until the middle of December in the matter of early Christmas shopping. "Early in the season, early in the week, early in the day," will be its slogan. In your preparations for the glorious Christmastide—the season of "Peace on earth, good will toward men"—practice a little of the Golden Rule; put yourself in the other woman's place—in the place of the tired shop girl who is deprived of sleep, of proper rest, of time for her own gift making and hardly earned recreation, by the inexcusable procrastination of her more fortunate well-to-do sisters, who could make life so much easier for her if they would only think. Make your purchases early, save yourself, the merchant, the saleslady, the postal clerks and the express people the nervous strain of waiting to do every thing at the last minute.

The question of illuminating the town clock was brought up at the last meeting of the civic department. This is something that has been needed for a long time and about which there has been considerable discussion. The department believes that the city and county should get together and agree upon some plan by which this could be brought about. A town clock that is not lighted at night is almost equivalent to no clock at all. Let the town clock be lighted and let it not be said of this great and growing city that it holds to the ways of the country village—the days of fifty or twenty or even ten years ago.

Dr. Mann Will Talk To West Market Epsworth League.

The West Market Epsworth League meeting for tomorrow evening will be in charge of the home mission committee, and Dr. J. L. Mann will talk to them about the reformatory work as conducted in South Carolina. There will be special music by the ladies' quartet and a solo by Miss Julia Turner. It is desired that league rooms will be full for this meeting.

Meeting of Ministers' Association.

The Ministers' Association is appointed to meet on Monday at eleven a. m. in Mr. Ireland's class room. All Sunday school superintendents, as well as the ministers of the city, are urged to be present. T. J. Ogburn, president; Shuford Peeler, secretary.

## HIGH SCHOOL O THE FRESHMEN 9

Locals Defeated by University Team.

Contest the Hardest Fought of Any

Ever Played on the Local Gridiron.

Large Crowd Out to Witness Contest

—The Visitors Much Heavier Than

Locals — First Defeat On Home

Grounds—Reception to Teams Last

Night.

The largest crowd of the year yesterday afternoon witnessed the best game of the season, a hard, clean contest between the Greensboro High School and U. N. C. Freshman football teams. The defeat was the first that Greensboro has ever suffered at Cone park in four years, and her third defeat in the same length of time.

The game was fast and furious from the first toot of the referee's whistle until time was called for the finish, and the quietest crowd to leave the park for many games pushed through the gates. However there was noise in abundance although it was comparatively small to that raised after a victory. Not a High School supporter departed without a hoarse voice, for their representatives had covered themselves with glory by playing a strong manly game and holding a heavier and older team to the very small score of 9 to 0, a field goal and a touchdown and goal. However the High School is still in the lead, for, in the three games played the Freshmen have captured only the last, while the High School team of 1911 will avenge the defeat if it is in the bounds of possibility. The following are the contestants and their positions in the struggle.

Greensboro: Foust, center; Linda, left guard; Bond, left tackle; Fisher, right guard; Dixon, right tackle; Murray, right end; Harry, left end; Maris, right half back; Yates, left half back; Grimsley, full back; Coffin, (Capt.) quarterback.

Freshmen: Harper, center; Mummell, left guard; Marr and Taylor, left tackles; Hardin, right guard; Parker, right tackle; Blackmer and Guthrie, right ends; Long, left end; Haynes, right half back; Worth, (Capt.) left half back; Johns, full back; Allen and Lord, quarter backs.

The officials were: Mr. Coffin, referee; Mr. Groom, umpire; Mr. Cartmell, field judge; Mr. Muir, head linesman; and Messrs. Harry and Clarke, timekeepers. The quarters were alternately twelve and ten minutes.

The Freshmen played a swift, aggressive game throughout, but especially in the first two quarters. They started with a rush from the kick-off and, aided by excellent luck, placed the ball in position for a goal from field, which Worth performed from the forty yard line. Assisted by several forward passes and long punts, although Greensboro frequently captured the ball and Coffin responded with his best punts that always covered a distance around fifty yards, the Freshmen carried the ball for the first score, even after Worth had once failed in the attempt and Coffin had booted the ball, only to have Allen kick it back for thirty yards.

The second quarter opened with the ball in Greensboro's possession and in her territory. The High School's plays did not gain the ten yards so Coffin punted. The Freshmen received the ball and after an exchange of punts again captured it well in their territory. Then, by a forward pass and steady gains by their backs the ball was carried to the twenty-five yard line where another successful forward pass, Worth to Blackmer, carried the ball across. Allen kicked goal and ended the scoring.

Greensboro fought gamely for a score in the third quarter and Coffin was given the opportunity for attempting two field goals but the distance was too far each time.

The High School played, as a whole, the best game they have exhibited this season. Foust, Coffin and Bond showed to splendid advantage. Coffin's punting was easily a feature while Johns and Worth showed the greatest strength for the University team. The victory was well won and well deserved by them as is shown by the fact that both teams last night enjoyed a most delightful evening at the home of Miss Mary Boall, and all differences of opinion regarding what direction the football will pursue was drowned in an atmosphere of friendship and good cheer.

## Y. W. C. A. WORK FOR COMING YEAR

The Several Classes, the Hour of Meeting and the Directors and Leaders—Vesper Service This Afternoon.

Following is the outline of the work of the Young Women's Christian Association, subject to minor changes:

Monday, 8 to 9 p. m.—Choral Club.

Director, Miss Gonzelle Byrne.

Tuesday, 8 to 9 p. m.—Physical culture.

Directors, Miss Laura McAlister and Miss Washburn.

Mission study class. Leader, Mrs. G. W. Whitsett.

Thursday, 3:30 to 4:30—Physical culture (for girls from 12 to 16). Director, Miss May Kerner.

4:30 to 5:30—Bible study. Teacher, Rev. S. S. Myrick.

7:30 to 9:30—Pierced brass, embroidery, stencilling, pyrography. Teachers, Mrs. J. Stone and Mrs. G. W. Whitsett.

Private lessons in elocution. Teacher, Miss Kerner.

Piano lessons can be arranged at a special rate through the association.

Any class or club not already planned for will be organized if it meets the needs of young women, if a sufficient number of applications for it be received, and if it be at all within the compass of the equipment of the association.

The association is thoroughly organized for the year's work and the prospects are bright for a year of greatly increased usefulness.

The vesper services will be held Sunday afternoon at 4 o'clock. The speaker will be Miss Ethel Cutler, one of the national secretaries. Mrs. Fred J. Sparrow will render special music for the occasion.

**BELIEVED SOUTHERN WILL PAY OFFSET.**

Street Commission and City Officials Confer With Supt. Hutchins.

It is believed that the Southern Rail-

way Company will agree to pay the offset between the Buchanan street line

and the passenger station and it is hoped

that the work can be completed during

the early spring. Yesterday afternoon

the Street Commission, Mayor Stafford

and the special committee from the

Board of Aldermen met with Mr. H. E. Hutchins, general superintendent of the Northern division of the Southern and the whole situation was gone over.

While Mr. Hutchins did not promise

that the work would be done, he ex-

pressed his willingness to do anything

within reason that would be of benefit

to the city. He asked that the Street

Commission furnish a draft of the street

showing the proposed new grade, so he

could figure the amount of excavating

that would be required. As soon as this

could be done he stated that he would

inform the city whether or not the com-

pany would be willing to have the work

done.

**HOW TO CURE RHEUMATISM**

It is an internal disease and requires an internal remedy. The cause of rheumatism is an excess of uric acid in the blood. To cure this terrible disease this acid must be expelled and the system so regulated that no more acid will be formed in excessive quantities. Rheumatism is an internal disease and requires an internal remedy. RUBBING with oils and liniments WILL NOT CURE, affords only temporary relief at best, causes you to delay the proper treatment, and allows the malady to get a firmer hold on you. Liniments may ease the pain, but they will no more cure rheumatism than paint will change the color of rotten wood.

Science has at last discovered a perfect and complete cure, which is called Rheumacide. Tested by hundreds of thousands, it has effected the most marvelous cures; we believe it will cure you. Rheumacide gets at the joints from the inside, sweeps the poisons out of the system, tones up the stomach, regulates the liver and kidneys and makes you well all over. Rheumacide strikes the root of the disease and removes its cause. This splendid remedy is sold by druggists and dealers generally at 50c. and \$1 a bottle. In Tablet form at 25c. and 50c. a package. Write to Bobbitt Chemical Co., Baltimore, Md. Booklet free. Tablets sent by mail.

For sale by Howard Gardner, Druggist.

**FILE CURED AT HOME BY NEW ABSORPTION METHOD.**

If you suffer from bleeding, itching, blisters or protruding piles, send me your address, and I will tell you how to cure yourself at home by the new absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Send no money, but tell others of this offer. Write today to Mrs. M. Summers, Box P. Notre Dame, Ind.

Pursuant to an award made in the case of J. A. Hardin and his wife, Susan M. Hardin, vs. J. Henry Phipps, the undersigned will, on the 21st day of November, 1910, at 12 o'clock m., sell to the last and highest bidder, by public auction, in front of the County Court House door in Greensboro, North Carolina, the following lands:

(1) An undivided one-half in about three (3) acres of land and a mill thereto, known as the Finley Shaw or S. W. Phipps mill.

(2) The S. W. Phipps home-place (where he died) containing approximately one hundred and ninety (190) acres, adjoining the W. A. Job place on the southwest, the Frank Thom place on the north, and Allen Hardin on the extreme west, and others.

(3) Another place owned by S. W. Phipps at the time of his death, purchased by him from his father, S. W. Phipps, and adjoins the tract above described, and Robt. Starr on the north, Mrs. Jessie Phipps on the east and on the south and west by the lands of the W. H. Phipps heirs, and containing approximately one hundred and sixty (160) acres.

All the above lands lie in Clay Township, Guilford county, and the two tracts last above described are north of and within about one-half mile of the main road leading from Greensboro to Kinston, and about an equal distance from and south of a new road going in a southeasterly direction from Greensboro, passing through the farm of John Jones, Esq., and others.

Tracts Nos. 2 and 3 will be first sold separately; then offered together; with the right in the undersigned to close the sale in the manner that brings the most money.

(4) A lot lying on the east side of Pearson street in the City of Greensboro, bounded by the lands of Mrs. Susan M. Hardin on the south, on the north by the lot of Chas. Wootton, fronting 80 feet on Pearson street, and extending back east 150 feet.

Terms of Sale—One-third cash, one-third in one year and one-third in two years, with interest on deferred payments from date of sale till paid, at the rate of 6 per cent. per annum, payable semi-annually; title retained till all the purchase money is paid, with the right in the purchaser to pay his bid in cash without discount.

This sale is not open to an advanced bid, but is final.

**STOP THE FAST TRAIN.**

Incident at Minneapolis in which a Box of Candy Figured.

Milwaukee Dispatch in Chicago Record-Herald.

A matter of tremendous importance delayed the departure of a fast Milwaukee road train for Chicago recently. The train had left the station, but backed in again, the matter was so very urgent.

Just as the train began to move two women, one of them bearing a small parcel, dashed madly toward the gates.

"Is that the Chicago train?" they cried.

"It is," replied the gateman.

"Stop it, oh, stop it!" begged the women. "It must be stopped!"

A big crowd of university students was at the station, waiting for the football team to get in. Gallantly the young men began to shout:

"Stop the train! Stop the train! Stop the train!"

The conductor came out on the observation platform. The station was in an uproar and the two women were running desperately toward the train. The conductor hesitated, grabbed the bell rope, and yanked it. The train stopped and then began to back into the station slowly. Then a woman also appeared on the observation car platform.

The two women who had caused all the commotion rushed to the car. One of them handed up the mysterious parcel to the woman on the train. The passenger hastily unwrapped it revealing a box of candy. Then she leaned down and kissed both the women good-bye.

Good Results Always Follow. The use of Foley Kidney Pills. They are upbuilding, strengthening, and soothing. Tonic in action, quick in results.

Love may be a disease, but it doesn't seem to be one of the kind you can only catch once.

Mr. Otto Paul, Milwaukee, Wis., says: Foley's Honey and Tar is still more than the best. He writes us, "All those that bought it think it is the best for coughs and colds they ever had and I think it is still more than the best. Our baby had a bad cold and it cured him in one day. Please accept my thanks." Howard Gardner.

NIGHT 1445

## It Ended Well

By M. QUAD

Copyright, 1910, by Associated Literary Press.

One summer's day the lightning rod man came driving along on the Red Bridge road to halt at the comfortable farmhouse of the Widow Glendenning and say to her that as business in his line was a little slack owing to the scarcity of thunder and lightning he would make her a special rate if she wanted her barn protected. The widow was a pleasant faced, good natured woman, and she pleasantly replied that when she felt her barn needed protection she would hoist a clothes pole to the roof.

All in a good natured way, you know, and no one's feelings were hurt. The lightning rod man laughed and drove on. Ten miles away he stopped at the house of Deacon Shaw, widower. He offered the deacon a very low figure on rods, and the deacon intimated that the whole business of stopping thunderbolts was a swindle and a fraud. Nothing personal and nothing to hurt. Just a sort of a joke, you know—a joke to be returned. Two weeks later the lightning man was back at the widow's house. He had nothing to say about rods this time. What he did say was:

"Widow, I'm a man with a heart. I not only have a heart for myself, but for others. I have a heart for you. You are a lonesome, delicate woman. All widows are. Where there's no man around the house there is desolation. I can't marry you, but I can find you a second-husband and warrant him true blue."

"Then bring him on," replied the widow, with a laugh.

"He's a deacon and a widower. He has one child. He's worth \$6,000 or \$7,000. There is only one drawback, and that I don't call a drawback, but it's an advantage. He's deaf and dumb. No dumb husband can scold and find fault. He can't swear at his oxen. He can't yell at his wife from upstairs or down cellar."

"How did a dumb man ever get married?" asked the widow, with a show of interest.

"By sign. I can't tell you the signs, but that must have been the way. That's the way he talks to me."

"But I don't want no deaf and dumb critter around me."

"But let him come along and call."

"Oh, I can't keep him away, but how am I going to talk to him?"

"Same as he will to you—by signs."

"I'm not going to make any windmill of myself, and he needn't come. I do some scolding myself now and then, and if I had a husband I wouldn't want to be swinging my arms around to let him know that I was mad. You go and marry him to some old maid."

That same day the lightning rod man drove up to the deacon's again. The deacon was ready for him, but he didn't mention rods. Instead he said:

"Deacon, you are a suffering and lonesome man. All widowers are. The world would look different to you if you were married again. I am a man with a heart, and I'm going to tell you of a widow who weeps for you—that is, she waits for you, which is about the same thing. She's fairly handsome, not over forty and has as good a farm as yours. And to crown it all, deacon, she's deaf and dumb."

"Who'd want to marry a deaf and dumb woman?" demanded the deacon.

"Best wives in the world—best natured, hardest working and the most economical. Don't make no mistake, deacon. Marrying this woman means another good farm for you. Only one child and that a girl big enough to help do the housework. Make a call at the house anyway."

Three days later he decided to call. He had been told that if he ever did call he must talk to the widow in the sign language or her feelings would be hurt.

"Now, then, who in the lands is that?" asked the widow of herself.

Two minutes later there was a rap on the front door. As she opened it the man stood there with an anxious look on his face and pointed into the room. He wanted to enter. She nodded. He must be the deaf and dumb widower. She took a chair and he took one. Then they looked at each other. She smiled and he smiled.

They were doing famously well, and it was with a bland smile on his phiz that the deacon asked her in the sign language how her corn and potatoes were coming on. The sign was too much for her. She thought he asked if she ever had earache, and she shook her head. The deacon tried again. This time she thought he was asking if she had any children, and she nodded her head and held up one finger.

"What in Josh does the woman mean?" exclaimed the caller to himself, without knowing that he was going to speak.

"Sir, who are you, to come here and make a fool of me!" shouted the woman as she sprang up with angry eyes.

"And you've made a fool of me," was the reply.

It was some little time before matters were made clear and the blame placed where it belonged. Then they begged each other's pardon and fell into sensible conversation. Yes, it resulted in matrimony after a year or so, and when the lightning rod man heard of it he heaved a long sigh and said to himself:

"Yes, I'm a man with a heart for others, but I'm no humorist." My jokes turn out the other way."

## DOUBLE TRADING STAMPS B 4 NOON.

# The Greatest Silk Sale

Greensboro Has Ever Known

Will be Launched Monday, embracing Thousands of Yards of the Season's NEWEST and MOST DESIRABLE WEAVES.

We got a grand bargain when we took this lot from the manufacturer, who was willing to take a loss to get money.

Thousands of yards in the sale commencing Monday morning, and every yard spic and span and as new as the morning sun. There are silks for all purposes. It's going to be a jam-up Thanksgiving for the Democratic donkey and no mistake.

And prior to the election even Warren G. Harding thought he had a chance. But Harmon beat him by the staggering majority of 88,000.

There will be universal satisfaction at the news that the order has finally been placed for the new street lights. Greensboro has been "darktown" so long that it will be in a position fully to appreciate good lighting.

The Asheville Gazette-News calls attention to the inaccurate forecast made by the Charlotte Observer as to the results in the Congressional districts. The Observer said that the Fifth would go Democratic and the Eighth and Tenth Republican. We think that the mistake the Observer made was in underestimating the unpopularity of the Republican candidates in the Eighth and Tenth.

The Danville Register sees the Democratic problem thus:

The Democrats of the country have a great opportunity to secure long control of the government. They can take advantage of that opportunity surely only by standing together and by acting together harmoniously, and bowing to the will of the majority honestly and fairly ascertained.

The fearful division of the Republican party in the last session of Congress should certainly serve as a solemn warning to the Democrats.

The size of the Democratic vote in the Congressional districts is still a matter of surprise. We believe it was very substantially increased in almost every instance. Butler had something to do with it, and so did Taft's somewhat inconsiderate treatment of his party in North Carolina and elsewhere in the South. But the main reason was probably the failure of the Republican party to maintain prosperity, that party having claimed that times would always be good so long as it was in power. And then the Republicans had a weak bunch of candidates.

Thomas J. Pence, Washington correspondent of the Raleigh News and Observer, says:

Many newspapers opposed to Democracy are engaged in an effort to make it appear that the Democrats in the next House are preparing to row over the speakership. These stories are wide of the actual facts. There is no fight on Champ Clark for the speakership, and he will be elected, unanimously or practically so when the Democratic caucus assembles to name a candidate. Such an opinion was expressed today by Congressman Ollie James, of Kentucky, one of the Democratic leaders in the House.

It is to be hoped that the Democrats will have better sense than to get into a squabble over the Speakership. To do so would be a keen disappointment to their constituents. We hope that Congressman James is right and that the minimum of time will be lost in disposing of the Speakership.

The Philadelphia Record has figured out the result in Pennsylvania. There were three candidates for Governor: Tener, the Republican candidate; Grim the Democratic candidate; Berry, the Keystone Party candidate. The vote for Governor was Tener 405,861, Grim 124,487, Berry 309,160. Berry is an ex-Democrat, but evidently a very popular man seeing that although Pennsylvania is a Republican State he was once elected Treasurer of the State. If the Democrats could have gotten together, they would have elected their ticket, the combined vote of Grim and Berry being greater than the vote given Tener. The

Philadelphia Record draws the obvious conclusion that to divide the Democratic strength is to insure Republican success in advance. Republican policies are in great disfavor this year and it is greatly to be regretted that the Democrats didn't present a united front and take advantage of Republican weakness.

Bradstreet's review of trade for the past week follows:

Trade reports as a whole are more uniformly favorable than for some time past. Distribution at retail has quite generally improved, largely because of colder weather and the realization of bumper corn and oat crops, though some parts of the Southwest and South report that open weather has deterred improvement. However, the much better business done in retail lines, has in turn resulted in a larger volume of jobbing re-orders, particularly for seasonable dry goods, boots and shoes, and women's wearing apparel. Quiet still continues in the textile trade and while the undercurrent is conservatively cheerful, there is no anticipation of future business in large volume. Holiday goods are being shipped in large volume and salesmen are sending in better orders for spring goods. The large crops that have been harvested are taken to augur lower prices for foodstuffs, but this is not looked for immediately, and some products, notably eggs and butter, are very high. Collections have improved, especially in surplus crop producing territory, but payments are not yet all that they should be. Industrial operations show a little betterment, some textile mills having resumed but affairs in the iron and steel trade have not assumed such shape as to allow of clear predictions regarding future prospects.

Taken as a whole, the report is encouraging. And we note that the Democratic hue of the recent election did not, contrary to much prognostication, frighten business. Democrats administer the affairs of many states with justice and efficiency. Of course they can manage the affairs of the nation in just as satisfactory a manner.

## FOR EARLY SHOPPING

W. W. C. A. Institutes Campaign in Behalf of Young Saleswomen.

The Young Woman's Christian Association has instituted an "early Christmas shopping" campaign for the benefit of the young women employed in the stores who, on account of the unnecessary "Christmas rush," not only are deprived of time for their own Christmas preparations, but for whom Christmas day, instead of being a day of gladness and cheer often becomes merely a day of relief from the torture of the long, hard days that precede it—days with the noon hour shortened, hours of night work added, and filled with waiting on nervous and irritable shoppers who, by their needless procrastination, are not only causing others to suffer, but are destroying the spirit of giving and the joy of receiving.

Many of the people of Greensboro are awakening to their responsibility in this matter. The civic league has appointed a committee to co-operate with the W. W. C. A. in pushing the campaign and we are assured of the hearty co-operation of the Merchants' Association and the pastors of the city churches.

To assure the success of this movement, which will be of undeniable benefit to salespeople, merchants, shoppers, and everybody concerned, there must be concerted action. The motto for the campaign will be "Early in the season, early in the week, and early in the day, and all shopping done by Dec. 15. There are now 28 shopping days before the 15th of December—no time to waste. Let us all adopt the motto, make out our lists at once, and get to work.

MISS FLORENCE CAIN,  
Secretary.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

## ARRANGING FOR A GREAT TIME

Coming of Miss Eckert To Be Made Great Occasion Among Philatheas and Baracas of City—The Committees Appointed.

Prepared For The Telegram.

Plans have been made and committees appointed for arranging for a great time for Philatheas and Baracas, Tuesday evening, Nov. 22. The meeting will be held in the Smith Memorial building. Miss Daisy Eckert, field secretary of the World-Wide Philathea Union, will deliver an address on this occasion. She is a fine speaker and to know her is to love her. She will bring to our young people a message that will both instruct and inspire. She is now making a tour of the South and is already visiting towns in North Carolina.

Other features of the evening will be a male quartet, music by a Philathea choir, and a reception given after the program, complimentary to Miss Eckert and the Baracas of the city.

The following chairman of committees have been appointed:

Philathea Choir—Miss May Hendrix.  
Usher—Miss Fleida Johnson, Chief.  
Refreshment—Misses Myrta Ham and Bernice Combs.

To Secure Entertainment for Speaker—Miss Flossie Byrd.

Social—Miss Florence Monroe.

In addition to Philatheas and Baracas, a cordial invitation is extended to the ministers of the city and their wives, Sunday school teachers and superintendents and any young men and women interested in the Philathea and Baraca movement.

## PROF. SMITH BEFORE ROYALTY

Former Greensboro Man Gives Lecture In Presence of the Kaiser.

Washington Post, 11th:

Berlin, Nov. 10.—Hugo Muensterberg, professor of psychology at Harvard University, and C. Alphonso Smith, professor of English literature at the University of Virginia, American exchange professors, gave the opening lectures of their 1910-1911 course in the aula of the University of Berlin today. Emperor William was present, and appeared greatly interested. He was accompanied by Empress Auguste Victoria, Prince August William, and several court officials. Others present were Ambassador Hill and the staff of the American embassy, Mrs. Hill, Mrs. Muensterberg, her two daughters, many high government officials, and American residents in Berlin.

Prof. Smith, whose lecture was introductory to a series on "American Literature Since 1809," interspersed his remarks with frequent pleasantries, and never failed to evoke a laugh from the emperor.

## THE NEW LIGHTS BEFORE CHRISTMAS

**General Manager Deal, of Public Service Company States That Lights Will Be Placed on Elm Street by Middle of December. The Number of Lights and Locations Settled Yesterday and Order Given.**

The new street lamps will be in place on Elm street not later than Dec. 15, according to General Manager E. C. Deal, of the Public Service Company. The Water and Light Commission yesterday afternoon notified Mr. Deal that the different locations for the lights had been decided on and specified the number of each kind of light that would be needed.

Mr. Deal stated to reporter last night that the order would be placed with the factory Monday morning before 10 o'clock and he hoped to have the lamps here within two weeks, a portion of them at least. Meantime a force of workmen will begin getting the extra wires strung so everything will be in readiness for the swinging of the lamps when they arrive. If all the lamps cannot be placed before Christmas especial attention will be given to the placing of those on South Elm in order that the street may be better lighted for the holiday trade.

There will be 130 luminous arc lamps, 85 of the 80 candle power and 62 of the 60 candle power Tungsten street lamps. The 147 Tungstens are equivalent to 49 arc lamps. A few of the arcs will be placed at different locations from those now in use and the Tungstens will be placed so as to give the greatest benefit to the citizens. A map of the city is being prepared, showing the location of each lamp and a copy will be furnished the Public Service Company as soon as it is completed. It is hoped that the entire system can be renovated and the new lamps placed early in the coming year.

A number of the present lamps are in such condition that it is impossible to make them burn, despite the fact that three men are employed constantly to keep them in repair. Several new lamps have been purchased by the company and put up so as to give light in congested places until the new lamps can be put into service.

## MRS. RYDER BADLY BURNED.

Mother of Mr. H. T. Ryder Had Clothing Burned From Her Body.

Mrs. Ryder, mother of Mr. H. T. Ryder, 230 West Bragg street, was badly burned yesterday afternoon about 5 o'clock and fears are entertained for her recovery.

Mrs. Ryder, who is about 80 years of age, was standing in front of the fire when in some way her clothing caught on fire. Members of the family extinguished the flames as quickly as possible but not before a large portion of her clothing was burned off. Mrs. Ryder was badly burned about the arms and chest and the full extent of her injuries

## REMEMBER

Our loss is your gain! Don't fail to come.

This is not a money making sale,

but a true underpriced removal sale.

Lesser's Underpriced Removal Sale, 354 S. Elm St.

could not be determined last night.

On account of her advanced age it will necessarily be hard for Mrs. Ryder to overcome the effects of the burns. Dr. A. E. Ledbetter was called in and did what he could to alleviate her pain and a trained nurse was called in to make the patient as comfortable as possible.

### THOSE UPPER BERTHS

Reduction of Cost May Not Be Fought  
By Pullman Company.

Chicago, Nov. 11.—Reductions in the cost of upper berths in Pullman sleepers, now a matter of litigation, will not be opposed by the Pullman Company if ordered by the Interstate Commerce Commission.

Country-wide reductions will be made if the Commission reaffirms its decision in the Loftus case, which lowered rates between St. Paul and other cities. The effect will be a differential between upper and lower berth rates, until now opposed by the Pullman Company. This was decided upon at a meeting of the Board of Directors of the company on Tuesday, and makes the reductions practically certain, as it is not doubted the Commission will reaffirm its original decision.

John S. Runnels, vice president and general counsel of the Pullman Company, in discussing the decision of the Board of Directors today, said: "If the commission, in the case now pending, reaffirms its principles of a differential in rates for upper berths as compared with the lower berths, it is the sentiment of the board that reductions should be made voluntarily throughout the country without waiting for any further complaints or orders from the commission."

"The amount of the reduction and the time it goes into effect, therefore, depend on the commission. The case will be set for hearing at its convenience, and I have no doubt the matter will be settled amicably. This sentiment was expressed at the meeting of the directors, but no action was taken."

The Loftus case was started last July and resulted in orders from the commission for reductions in all upper and some lower berth rates between St. Paul and Seattle, Fargo, Duluth, Superior and Chicago. Thousands of dollars will be refunded travelers if the rates are ordered lowered. The second hearing will be early in January.

**Saves an Iowa Man's Life.**  
The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It positively guaranteed for Stomach, Liver or Kidney troubles and never disappoints. Only 50 c. at Fariss-Klutz Drug Co.

**It Leads to Poverty.**  
"What is this 'wanderlust' you read so often as compelling people to leave home?"

"I don't know," replied Mr. Cumrox, "but, judging from my observations of people who have it, 'wanderlust' is German for 'creditors'."—Washington Star.

**Will Promote Beauty.**  
Women desiring beauty get wonderful help from Bucklen's Arnica Salve. It banishes pimples, skin eruptions, sores and boils. It makes the skin soft and velvety. It glorifies the face. Cures sore eyes, cold sores, cracked lips, chapped hands. Best for burns, scalds, fever sores, cuts, bruises, and piles. 25c. at Fariss-Klutz Drug Co.

**Ready Appreciation.**  
Groom—What's your father going to do for a wedding present?  
Bride—A big check, darling.

Groom—Then the ceremony must take place at 2 p. m. instead of 3.

Bride—But why?  
Groom—The banks close at 3.—Cleveland Leader.

**Both Speedy and Effective.**  
This indicates the action of Foley Kidney Pills as S. Parsons, Battle Creek, Mich., illustrates: "I have been afflicted with a severe case of kidney and bladder trouble for which I found no relief until I used Foley Kidney Pills. These cured me entirely of all my ailments. I was troubled with backaches and severe shooting pains with annoying urinary irregularities. The steady use of Foley Kidney Pills rid me of all my former troubles. They have my highest recommendation." Howard Gardner.

**The Way She Got Out.**

#### "GERRYMANDERS" DOOMED.

Democrats Now Have Chance to Fairly Redistrict Several States.

Washington, D. C., Nov. 11.—The fact that the State Legislatures chosen Tuesday will reapportion the Congressional representation in the various States under this year's census, will be a distinct and perhaps important if not an immediate advantage to the Democratic party.

As the great and usually doubtful States of New York, New Jersey, Ohio and Indiana elected Democratic Legislators, it will fall to the lots of those bodies to rearrange the Congressional districts in those States. The present apportionment in those States were made by Republican Legislatures 10 years ago and the Congressional districts were so shaped that the Republicans had a decided advantage of electing members of the House ever since. This advantage was gained by a free but skillful exercise of the gentle art of "gerrymandering," and the redistricting of the State of Pennsylvania is an especially fine example of what the Republicans did in that reapportionment.

It will now be the duty of the Democratic Legislatures of New York, New Jersey, Ohio and Indiana, as well as West Virginia and some other states that joined Tuesday's landslide, to undertake the rearrangement of Congressional districts in accordance with the new census and under the provisions of the Reapportionment Act, which this winter's session of Congress must pass in obedience to the mandate of the Constitu-

tion.

In doing this work the Democratic Legislatures will naturally correct the evils of the previous Republican "gerrymander," and will thus deprive the Republicans of the unfair advantages they have had for 10 years in the matter of electing members of Congress. This will give the Democrats a better show to elect a majority of the members of the House in the Sixty-third and subsequent Congresses and tend to increase their chances of remaining in power for a considerable period.

No less an authority than Theodore Roosevelt said recently that the State of New York could be so redistricted that the Democrats could rely on carrying at least 21 districts at every election.

Not Sorry for Blunder.  
"If my friend hadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. #### FROM ELON COLLEGE.

Rev. C. G. Hounshell Lectures on Missionary Work—Second Volume on Teacher Training.

Elon College, Nov. 9—Rev. C. G. Hounshell, returned missionary from Korea, now traveling under the auspices of the Student Volunteer Movement was a recent visitor to the college and during the time he was here, delivered two addresses, one on the "Call of the World for Missions and Men," and second on his "Life's Work in Korea," which were very much appreciated by the student body. Mr. Hounshell also held cabinet meetings with the Y. M. C. A. and Y. W. C. A., the result of which meetings was the organization of a Mission Study Club of some 35 members, of which Mr. R. A. Campbell is teacher. This class meets on Sunday morning in connection with the regular Sunday school and is counted as a Sunday school class.

Rev. W. C. Wicker and Rev. J. L. Foster, secretary and president respectively of the Eastern North Carolina Christian Conference are now at Merry Oaks, Wake County, attending the session of that body. Dr. Moffitt and Rev. J. W. Wellons, agent for the Theological Chair in this institution are also attending this conference.

Invitations for the annual entertainment of the Philologian Literary Society which will occur on Thanksgiving evening are now out and have been mailed to the friends of the society. The entertainment will consist of songs and a chorus, of a debate, of orations and a humorous selection. The orators will be Messrs. F. S. Drake and R. A. Tamm. Mr. J. U. Newman, Jr., will read a humorous paper entitled "Local Stings." The debate is upon the query: "Resolved, That the Government of England is all things considered, a better one than that of the United States. The affirmative will be upheld by Messrs. D. C. Holt and J. C. Rowland and the negative by Messrs. J. F. Morgan and B. J. Earp.

A new volume is soon to be issued from the press entitled "Preparing the Teacher, Vol. II," which completes the advanced Teacher Training Course of the Southern Christian Convention. This book is to be edited by Profs. Harper Lawrence and Wicker, and the various contributors are Prof. Harper, who writes on the Sunday School Teacher; W. P. Lawrence, who writes on the Sunday school; W. C. Wicker, who writes on the Pupil; J. O. Atkinson, who writes on the Bible as Literature; J. J. Newman, who writes on Biblical Doctrine; A. W. Andes, who writes on Christian Giving; G. O. Lankford, who writes on Jewish Private Antiquities; and E. Roundtree, together with M. T. Morris and W. E. McCleeny.

Hexamethylenetetramine.  
Is the name of a German chemical, one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uretic solvent and anti-septic for the urine. Take Foley's Kidney Remedy promptly at the first sign of kidney trouble and avoid a serious malady. Howard Gardner.

### SOME DEPOT, THIS

That In Latest McAdoo Tunnel a Modern Wonder.

New York Press.

The Broadway and Thirty-third Street Station of the Hudson river "McAdoo Tunnels" this morning began receiving passengers for Hoboken, Jersey City and the Terminal building at Cortlandt and Church streets.

The new station is 350 feet long on the train floor with a concourse 182 feet long, having four entrances from the street and four more from stores. It has altogether 53,000 square feet of floor surface and all the accompaniments of a full-fledged railroad station, including baggage-rooms, parcelrooms, baggage chutes, ticket offices for several roads and other contrivances for the comfort of the traveling public.

In the heart of the Tenderloin, running from Thirty-first to Thirty-third street and occupying space under the street and neighboring buildings, the new station seems large enough to accommodate any crowd. It is in dazzling white and pearl masonry. The arches are clean cut, restful to the eye, low and cheerful. There are all sorts of booths and stands for the comfort of the public. The stairs are shallow, easy and wide, and everything seems to have been thought of.

Incidentally there are now five decks to the streets at this point. First, the Pennsylvania road tunnel far down in the earth, then the train floor of the Hudson tunnels, then the Hudson concourse, then the street cars and above the elevated.

There are ticket offices for the Pennsylvania, the Erie, the Lehigh Valley and a baggage-room with 14,000 square feet of surface and a chute for incoming baggage and an escalator for outgoing baggage. There is a fresh air pump to bring good air in and a foul air pump to force bad air out. The parcel checking room has 2,800 square feet of floor surface.

**SQUARE MEAL FOR CENT IN CHICAGO'S SCHOOLS**

Project to Be Put in Effect At Once, Not a Charity, But as Health Conservation.

Chicago, Nov. 11.—A big bowl of steaming hot, rich, thick soup, a small piece of roast, all the bread and butter a child with an appetite sharpened by a morning session in school can dispose of, and a free lesson in how to eat it noiselessly—all for a penny—is the latest health conservation project to be introduced into the Chicago public schools.

Mrs. Isabell C. O'Keefe, a member of the Board of Education, introduced the plan adopted today by the school management, which is to be tried out at once. A committee was appointed to work in conjunction with Superintendent Ella Flagg Young in getting the project started.

"This is not charity; it is a health project," declared Mrs. O'Keefe. "The cost will be nominal. Manual training pupils will make us fireless cookers. Cooking teachers will make the soup and prepare the roast at night and place

it in the cookers. Next day it will be ready for the lunch. The members of the cooking classes will do the serving."

Dr. Evans believes the temperature of the schoolrooms should be lowered. It should, but the children must be nourished and strengthened so they can stand it. Many children at the noon hour run about without any lunch. This is wrong. European cities spend large sums for furnishing cheap lunches to the children. The American cities have tried it with great success—Cincinnati and Milwaukee—and it can be done here. We begin with six schools next week, two on the South Side, two on the West Side, and two on the North Side. All other public schools in the city will be taken as soon as possible.

"We will plan for 200 pupils in each school, mostly the younger ones; but anyone in the school may take advantage of it."

Have you boils, sores and indications of bad blood? There is danger of diphtheria. Vick's Sarsaparilla will relieve this condition promptly—50c.

### An Extreme Case.

"What was the trouble between Swineon and his wife? Was it his fault or hers that they were unable to get along together?"

"It's rather hard to decide. It appears that whenever one of them had an irresistible impulse the other had an unalterable objection."—Chicago Record-Herald.

## Shoemaking Secrets

The most important part of a shoe—wear considered—is the sole. The best old-method tanned sole leather is none too good for this purpose, yet many manufacturers use quick tannages of cheap leathers and "fill" the soles with glucose and other adulterations to cover defects. The insole in some shoes is cut from such thin stock that it cannot be channelled to receive the stitch when the upper and the welt are sewed on. A piece of canvas is often substituted for the leather, channelled up to hold the shoe together.

Counters are often made of canvas stiffened with glue. They cost less than solid leather, but the heat from the foot crumples them. Toe boxes, too, can be made of canvas instead of leather, and sometimes for linings a cheap grade is substituted away down inside where you can't see. Heels are almost always made of pieces of sole leather fitted together in glue; sometimes the very worst of scrap is used, topped with a fair grade of "top hat". These are the parts the man who wears the shoe never sees. He buys these on faith. There are lots of other secrets in the shoe business.

There are no secrets about the Craddock Shoe. The soles, insole (5) and outer sole (4), come from the very finest, toughest and the most expensive sole leather money can buy. The insole is as heavy as lots of makers use for outer soles.

The counters (3) are the best one-piece counters made from the best sole leather. Only one grade of lining—the best—is used all the way through. The top lift (2) of the heel in the Craddock Shoe costs more than the whole heel and top lift of some other shoes made

at this price. Vamps (7), tops (8), facings and stays (9) are all cut from pieces of the finest leather.

The Craddock Shoe is not "skinned" in any particular. There are no hidden weaknesses to develop after the shoe is bought. There are no dishonest savings or profits taken from worth and wear.

The Craddock Shoe, made in all leathers, sold for \$3.50 and \$4.00 everywhere, will wear 30 days longer than any other shoe at the same price.

**Make Up Your "List"**

Christmas is drawing very near. No use waiting until the eleventh hour. Make up your list today. Jot down the names of all to whom you intend to make presents. That done, mark down what you desire to give them.

Then select every day one or two presents. A small deposit will secure them for you. They will be laid aside until the day before Christmas.

A look at the show windows and the store proper will aid in making selections. Come whenever you like, and as often as you please. We will be very glad to show you around. You will never be urged to buy.

You will probably give at least one watch. By buying it here you will save enough so that for the difference you can secure a very good chain to attach to it.

There will surely be some one to whom you will want to give a ring, to others bracelets, lockets and scarf pins, brooches and studs. For still others you will want little trinkets in silver novelties.

**Apart From the Fact**

That a Trust Company is equipped and experienced for the best discharge of business intrusted to it, it should be borne in mind that a Trust Company, unlike an individual, is responsible, not only for the full amount of its capital, but under North Carolina laws the stockholders are also responsible for an amount equal to the capital of the Company for the payment of obligations. Of course the laws render the trust company liable to the closest inspection and any supervision that Court or State may deem necessary.
